

# Getting Ready for "K"

September School Entry

This program has been developed to provide parents with information about what they can do to help their child develop learning readiness skills and ultimately succeed in school. Our goal is to increase parents' confidence and give them the tools & information that can be used in a variety of situations.

Four Interactive Sessions include:

1. *How Your Child Learns*
2. *Help Your Child Get Along:*  
*Communication and Social Skills:*  
*"talking & getting along skills"*
3. *Help Your Child Figure Things Out:*  
*problem solving & independence*
4. *Going to School:*  
*routines, praise, encouragement and support*

Parents will be separated from their children for about one hour during each session.
