

Child and Family Centre

Stay & Play

Birth - 6 years

These sessions offer families an opportunity to participate in a variety of early learning activities available throughout the Centre.

During this time, children and their parents and/or caregivers are free to explore the

Centre's various areas - blocks, puzzles, dramatic, sensory and craft, to name a few.

We also invite you to check out our resources and approach our Early Learning Educators with any questions you may have.
