

Child and Family Centre

The Wonderful World of Words

1 - 6 years

Together families are provided the opportunity to explore a variety of topics - water, animals, bugs, winter, spring, summer, autumn, to name a few.

We will share with parents, caregivers and children ways to expand these concepts into all areas of play.

Families will participate in circles, creative activities, early reading experiences and sensory exploration.

Parents will come away with a repertoire of songs as well as ideas for a variety of homemade activities.
