Program Descriptions

Play & Learn – This program is for 0 – 6 aged children and their parents, caregivers. The focus is on supporting your child’s learning through play. Each week includes an assortment of activities that encourage children to use their five senses and movement to explore and discover. These “hands on” activities help children develop their math, science, and language concepts in ways that are fun and developmentally appropriate. The focus is on supporting your child’s learning through play. Please bring a snack. **To register call: 905 – 806 - 1895**

Science & Exploration – An opportunity for children ages 2 to 6 to learn along-side their parents/caregivers about science through our interactive and hands-on science-themed activities. This program lets children experience fun and engaging, age-appropriate science experiments.
To register call: 905 – 806 - 1895
