

**York Catholic District School Board  
Information Sharing Consent Form**

**Admin. 2  
May 2018**

Communication among professionals involved in your child’s care supports a smooth transition between school and child care experiences. In order to best serve children’s needs, there are times when it is appropriate for the School, Child Care and Before & After School Operators to share information (e.g. concussions) about your child(ren).

The purpose is to create a coordinated approach for the care and needs of your child. This sharing of information will enhance consistency across program and support smooth transitions for your child.

Your consent will give permission for the verbal exchange of information between the Child Care and/or Before & After School Operators and the Administration at your child’s school. This consent will remain valid for the duration of the current school year. Your consent can be withdrawn at any time. The signed form will be retained in the school’s Before & After School binder. Any formal assessment information cannot be shared across programs without specific signed parental consent. If this is required, a separate form will be provided for this.

If you have any questions regarding the above, please contact your school’s principal.
