***It is not our intent to have your baby watching the screen – they should be interacting with you. Your baby does not need to be awake or participate, the program is for you (the parent) to connect with others and to learn some new activities to do with your infant.**

For most programs, you will receive weekly emails with enough time to ensure materials are available for you and your child to fully participate.

Program descriptions: (please note: not all programs are offered on every calendar)

Little Chefs: together we will make a nutritious and delicious lunch. The menu will be emailed with enough time to ensure ingredients are available for child to fully participate. 2-6 years

Little Bakers: together we will make delicious baked goods. The menu will be emailed with enough time to ensure ingredients are available for child to fully participate. 2-6 years

Junior Scientists: circle time followed by science experiments for our younger children, using items typically found in your home. 18-36 months

Discovering Science: Each week a science concept will be explored through hands on experiences. with items you can find around the house. 3-6 years

Summertime Family Fun: Summertime Family Fun is a program where families will have the opportunity to engage in outdoor and indoor activities, such as scavenger hunts, picnics, chalk drawing, fort building and more! 1-6 years.

Let's Create: This program will focus on creative art activities. 3-6 year olds.

Parent Chat and Share: This casual program is a chance to meet new and connect with familiar faces! Parents will have the opportunity to ask questions, and chat.

Children's Show and Tell: This program allows children the opportunity for sharing, talking and engaging in conversation with other children.

Toddler Time: Program will start with songs and books, then will move on to fun activities for two year olds. May include, early literacy and math, exploring their senses, becoming more active and creative arts. 24-36 months

Preschool Play to Learn: In this program, children are exposed to different skills that they develop during their preschool years and could master later in Kindergarten. The main theme of this program is play through which much learning happens in different aspects such as literacy, numeracy, science ..etc. 2-4 years

Let's Get Physical: During this program we will stretch & bend and experience exercise activities that will help to keep our bodies healthy. Being active together benefits everyone and helps improve children's balance, co-ordination, strength, endurance and confidence. 2.5 - 6 years

Story Stretchers: This is an exciting opportunity to explore a favorite story and bring ideas from the book into your everyday world. We will read a book together and families will experience aspects of the story using a variety of early learning activities as we take the concepts and ideas discussed into all of our learning areas. We will integrate the children into the story with drama, games, crafts and sensory experiences. 2-4 years
