Registration Information for Virtual Programs

- ✓ To register, please email lchapman@yorkchild.ca
- ✓ Include: names of adult(s) & child(ren), program name(s), day(s) of the week and phone number.
- ✓ A zoom link for each individual program will be emailed separately for your use.
- ✓ Families will be emailed prior to program if specific items are required for full participation.
- ✓ Family/parent support will be available following each program.
- ✓ Program descriptions included at the end of this document.

It is not our intent to have the babies watching the screen. Babies should be interacting with you. Babies do not need to be awake in order for parents/caregivers to participate in infant programs.

Individual Family Support

- If you would like to connect with an EarlyON Educator, please send an email to ycdearlyonscreen@gmail.com with your contact information. An EarlyON Educator will respond to your request.
- Visit the [YCD family support](#) for an online form to connect with an EarlyON educator.

Virtual Program Descriptions

Circle Time for Babies: Enjoy bounces, tickles, lifts, hugs, and kisses in song form for your baby birth to 12 months. This 30-minute program will create a wonderful bond between you and baby while also providing you with many songs to share together outside of our class. Birth - 12 months.

Come Explore: Children can engage in open-ended activities that require minimal preparation. 1-6 years

Community Safety with York Regional Police: Discovering Science: Each week we will explore a different topic with a YRP Youth Engagement Officer. Topics include community helpers, looking at police uniforms, road safety and bike safety. 2-6 years.

EarlyON Circle: A program filled with a variety of songs, tickles, and rhymes as well as story time. Birth-6 years.

Discovering Science: Each week a science concept will be explored through hands on experiences with items you can find around the house. 3-6 years.

Fun with Ones: This program includes a circle time with songs and stories and interactive activities. 12-24 months

Infant Massage: Infant Massage: In this program we will explore the value of nurturing touch while caregivers learn how to use various massage strokes to benefit the health and well-being of their babies. Birth-6 month.

Junior Scientists: Circle time followed by science experiments for younger children, using items typically found in your home. 18-36 months

Kindergarten Skills: This program aims to support children and families to have a successful transition to kindergarten.

Let's Create: This program will focus on creative art activities. 3-6 years.

Little Bakers: together we will make a nutritious and delicious baked goods. The menu will be emailed with enough time to ensure ingredients are available for child to fully participate. 2-6 years.

Little Chef's: Together we will make a delicious meal. The menu will be emailed with enough time to ensure ingredients are available for child to fully participate. 2-6 years.

Little Mathematicians: Math is everywhere in our environment! We will use a variety of songs, rhymes, and activities to discover how math can be part of everyday play. 2-4 years.

Music and Movement: In this program we will introduce a balance of unstructured and structured movement to songs and music.

Parent Child Mother Goose: Mother Goose is an interactive group experience for parents and their babies. This program focuses on the pleasure and power of using rhymes, songs, and stories together. Birth – 10 months

Preschool Play to Learn: In this program children are exposed to a variety of skills that develop in the early years. The program will focus on literacy, numeracy, and science through play. 2-4 years

Show and Tell: Each week children will have the opportunity to share and talk about the weekly topic. This activity will support children to increase confidence in verbal communication. 2-6 years.

Sing & Sign: An introduction to American Sign Language for Hearing Infants and Toddlers, this program is designed for families with infants interested in exploring an alternate form of communicating. The sessions use songs and games as tools, allowing you to include signing in everyday routines. Birth- 12 months

Story Stretchers: This program will explore favourite stories and bring ideas from the books into your everyday world. After reading a book together, families will explore aspects of the story using drama, games, crafts, and sensory experiences.

Storytelling: This program for older children will provide an opportunity to enjoy longer stories with more complex themes. We will engage in interactive discussions with the children as we read through the stories using books, puppets, felt boards etc. The value of oral storytelling will be included. 3-6 years.

Toddler Time: This program will start with songs and books, then will move on to fun activities. This program may include, early literacy and math, exploring senses, becoming more active and creative arts. 24-36 months
